NetDirector named to Inc. 5000 for third consecutive year

Tampa, FL, September 3, 2013 – NetDirector, a leading cloud provider of data exchange services, announced that it has been named to the prestigious Inc. 5000 for the third consecutive year. NetDirector Ranks No. 2783 on the 2013 list with three-year sales growth of 125%. The list represents the most comprehensive look at the most important segment of the economy—America’s independent entrepreneurs.

“Being included on this list for third consecutive year validates our business strategy and exceptional service quality. We have maintained a steady growth path by focusing on cloud-based integration services that offer substantial value to our clients in mortgage banking and other industries”, said Harry Beisswenger, CEO of NetDirector. “We’re all about innovation. In the last year we launched a customer mobile web application and bolstered our audit compliance with a SOC2 certification. We plan to continue partnering with our clients by expanding our portfolio of data and document interfaces and developing a custom report writer. With continued expansion into mortgage field services and other markets, NetDirector will continue to position itself as the de-facto standard for nationwide cloud-based data exchange services.

Inc. has also ranked NetDirector as the 33rd fastest growing company in the Tampa metro area. Complete results of the Inc. 5000, including company profiles and an interactive database that can be sorted by industry, region, and other criteria, can be found at www.inc.com/5000. NetDirector’s 2013 profile can be found at www.inc.com/profile/netdirector.

About NetDirector

NetDirector provides a cloud-based data exchange to improve process efficiency and standards compliance.
