

## Description

**HUD P260** provides the next level of automation for any business that wants to reduce labor intensive document uploads to the HUD designated website. This solution is delivered as a Cloud-based Service which requires no hardware purchases, software installations, network setup, or ongoing system upgrades and patches from the customer's perspectives. NetDirector can integrate HUD P260 as a stand-a-lone process or in conjunction with other services.

**HUD P260** processes incoming documents/images and uploads them to the <https://www.yardiasptx11.com> website.

## HUD P260 Process Flow

## Key Benefits:

- ◆ **Reduced Labor** – Using this interface can eliminate manual searches and time spent to upload documents
- ◆ **Accuracy** – Reduces data mishaps and searches
- ◆ **Resource Capacity** – By eliminating the need for manual processes to upload documents

## Pricing

- ◆ Standard Document Transaction Pricing - tiered monthly pricing by quantity
